MEDCARE DIAGNOSTICS WILL CONTACT PATIENT TO SCHEDULE APPOINTMENT

REQUEST FOR CARDIAC DIAGNOSTICS & CONSULTATION		
PATIENT INFORMATION	PHYSICIAN	INFORMATION
First Name	Name	
Last Name	Provider Bill	ing #
Home Phone	Phone	
Cell Phone	Fax	
OHIP #	_ Expiry Address	
Version Code		
Gender		
Date of Birth	Send Copy Te	o
EXAMINATION REQUESTED		
24-Hour Ambulatory Blood Pressure Monitoring (\$60 Charge. Not Covered by OHIP)	Holter Monitoring	Internal Medicine Consultation
Adult Echocardiogram	24 Hour 48 Hour 72 He	our First Available Consultant
Cardiac Rehab	Spirometry	Dr. Howard Miller
	Exercise Stress Test (Treadmill	Dr. Muhammad Khawar
ECG		Dr. Amr Abd El-Radi
*A patient with a positive stress test will be booked for an immediate consult with REASON FOR TESTING	th one of our medical providers.	Cardiology Consultation
Abnormal ECG	Heart Murmur	Post MI / Intervention
	Heart Murmur Hypertension	Post MI / Intervention Pre/Post Op
Abnormal ECG		Pre/Post Op
Abnormal ECG Atrial Arrhythmias (A. Fib / A. Flutter)	Hypertension	Pre/Post Op
 Abnormal ECG Atrial Arrhythmias (A. Fib / A. Flutter) Ventricular Arrhythmia 	Hypertension Known or suspected MVP with MR	Pre/Post Op Prosthetic Heart Valve
 Abnormal ECG Atrial Arrhythmias (A. Fib / A. Flutter) Ventricular Arrhythmia Bradycardia 	Hypertension Known or suspected MVP with MR Native Valvular Regurgitation	 Pre/Post Op Prosthetic Heart Valve Pulmonary Disease
 Abnormal ECG Atrial Arrhythmias (A. Fib / A. Flutter) Ventricular Arrhythmia Bradycardia Chest Pain 	 Hypertension Known or suspected MVP with MR Native Valvular Regurgitation Native Valvular Stenosis 	 Pre/Post Op Prosthetic Heart Valve Pulmonary Disease Sleep Apnea
 Abnormal ECG Atrial Arrhythmias (A. Fib / A. Flutter) Ventricular Arrhythmia Bradycardia Chest Pain Chronic Heart Failure (Diastolic, Systolic) 	 Hypertension Known or suspected MVP with MR Native Valvular Regurgitation Native Valvular Stenosis Obesity 	 Pre/Post Op Prosthetic Heart Valve Pulmonary Disease Sleep Apnea Dyspnea / SOB
 Abnormal ECG Atrial Arrhythmias (A. Fib / A. Flutter) Ventricular Arrhythmia Bradycardia Chest Pain Chronic Heart Failure (Diastolic, Systolic) Diabetes 	 Hypertension Known or suspected MVP with MR Native Valvular Regurgitation Native Valvular Stenosis Obesity Palpitations 	 Pre/Post Op Prosthetic Heart Valve Pulmonary Disease Sleep Apnea Dyspnea / SOB Syncope
 Abnormal ECG Atrial Arrhythmias (A. Fib / A. Flutter) Ventricular Arrhythmia Bradycardia Chest Pain Chronic Heart Failure (Diastolic, Systolic) Diabetes Dizziness / Lightheaded Pacemaker 	 Hypertension Known or suspected MVP with MR Native Valvular Regurgitation Native Valvular Stenosis Obesity Palpitations Pericardial Disease / Effusion 	 Pre/Post Op Prosthetic Heart Valve Pulmonary Disease Sleep Apnea Dyspnea / SOB Syncope Tachycardia
 Abnormal ECG Atrial Arrhythmias (A. Fib / A. Flutter) Ventricular Arrhythmia Bradycardia Chest Pain Chronic Heart Failure (Diastolic, Systolic) Diabetes Dizziness / Lightheaded Pacemaker Weakness / Fatigue 	 Hypertension Known or suspected MVP with MR Native Valvular Regurgitation Native Valvular Stenosis Obesity Palpitations Pericardial Disease / Effusion Post CVA / TIA LV Function 	 Pre/Post Op Prosthetic Heart Valve Pulmonary Disease Sleep Apnea Dyspnea / SOB Syncope Tachycardia A-Fib Rate Control
 Abnormal ECG Atrial Arrhythmias (A. Fib / A. Flutter) Ventricular Arrhythmia Bradycardia Chest Pain Chronic Heart Failure (Diastolic, Systolic) Diabetes Dizziness / Lightheaded Pacemaker 	 Hypertension Known or suspected MVP with MR Native Valvular Regurgitation Native Valvular Stenosis Obesity Palpitations Pericardial Disease / Effusion Post CVA / TIA LV Function 	 Pre/Post Op Prosthetic Heart Valve Pulmonary Disease Sleep Apnea Dyspnea / SOB Syncope Tachycardia A-Fib Rate Control
 Abnormal ECG Atrial Arrhythmias (A. Fib / A. Flutter) Ventricular Arrhythmia Bradycardia Chest Pain Chronic Heart Failure (Diastolic, Systolic) Diabetes Dizziness / Lightheaded Pacemaker Weakness / Fatigue Other/Clinical History: 	 Hypertension Known or suspected MVP with MR Native Valvular Regurgitation Native Valvular Stenosis Obesity Palpitations Pericardial Disease / Effusion Post CVA / TIA LV Function 	 Pre/Post Op Prosthetic Heart Valve Pulmonary Disease Sleep Apnea Dyspnea / SOB Syncope Tachycardia A-Fib Rate Control
 Abnormal ECG Atrial Arrhythmias (A. Fib / A. Flutter) Ventricular Arrhythmia Bradycardia Chest Pain Chronic Heart Failure (Diastolic, Systolic) Diabetes Dizziness / Lightheaded Pacemaker Weakness / Fatigue Other/Clinical History: 	 Hypertension Known or suspected MVP with MR Native Valvular Regurgitation Native Valvular Stenosis Obesity Palpitations Pericardial Disease / Effusion Post CVA / TIA LV Function 	 Pre/Post Op Prosthetic Heart Valve Pulmonary Disease Sleep Apnea Dyspnea / SOB Syncope Tachycardia A-Fib Rate Control
 Abnormal ECG Atrial Arrhythmias (A. Fib / A. Flutter) Ventricular Arrhythmia Bradycardia Chest Pain Chronic Heart Failure (Diastolic, Systolic) Diabetes Dizziness / Lightheaded Pacemaker Weakness / Fatigue Other/Clinical History: 	 Hypertension Known or suspected MVP with MR Native Valvular Regurgitation Native Valvular Stenosis Obesity Palpitations Pericardial Disease / Effusion Post CVA / TIA LV Function 	 Pre/Post Op Prosthetic Heart Valve Pulmonary Disease Sleep Apnea Dyspnea / SOB Syncope Tachycardia A-Fib Rate Control

Metabolic Syndrome Dyslipidemia Smoking History MedCare Diagnostics is a division of MedCare Health System. MedCare Diagnostics operates at various MedCare Clinic sites. MedCare Diagnostics is provider of physician and facility services only. MedCare Diagnostics has agreements with various physicians and diagnostic imaging providers who will provide the cardiac testing, consultations and related services, independently.
